

SHEET METAL CONT.

1949-51 Ford woodie B-post to wheel tub floor panel

These are constructed from 18-gauge steel. These panels have the stepped edge going from front to rear on the floor side and have the 90-degree flange on the inner rocker side. The panel has the wedge shaped step in it that goes from the middle of the panel to the wheel tub end and is about 3 13/16" at the wheel tub. The upper part of the panel at the wheel tub has the curved flange to meet up with the wheel tub edge.

Description	Item number	price
B-Post floor (drivers)	074951-513L	\$149.00
B-Post float	074951-513R	\$149.00

1949-51 Ford woodie B-post to wheel tub floor access panel

This is the panel that is screwed to the floor along the outside edge of the floor between the B-post and the wheel tub. This part is the one that goes on top of the 074951-513. Constructed from 18-gauge material just like Henry's was.

Description	Item number	price
B-post access panel	084951-522L	\$49.00
B-post access panel (passenger)	084951 522R	\$49.00

1949-51 Ford woodie B-post interior bottom

This is the little angle part that is welded to the bottom of the B-post and to the floor and part #522 sets on top of it. Constructed from 18 gauge steel.

Description	Item number	price
B-post interior bottom	084951-523L	\$45.00
B-post interior bottom (passenger)	084951-523R	\$45.00

1949-51 Ford woodie lower A-post interior extension repair

This repair section is constructed from 20-gauge material. This repair panel is 8 inches long and goes from the bottom (the floor) up 8 inches. It has the first rectangular hole in it and has the same taper as the original for a smooth fit. This repair panel is designed to be butt welded into place.

Description	Item number	price
A-Post extension repair (drivers)	074951-514L	\$89.00
A-Post extension repair	074951-514R	\$89.00

1949-51 Ford/ Mercury rear floor side extensions

This replacement panel goes from the wheel tub to the C-post. From the edge of the main floor out to the inside edge of the outer body. The driver's side has the flanged hole for the gas filler pipe. Both panels have the stepped edge to go under the center floor like Ford did it. They have the 1/8" deep stepped recess that goes front to rear and ends at the tailgate hinge.

Description	Item number	price
Rear floor extension (drivers)	074951-515L	\$145.00
Rear floor extension	074951-515R	\$125.00

1949-51 Ford/ Mercury woodie wheel tub forward body mount

This replacement mount goes in front of the wheel tub and behind the B-post. It is constructed from 12-gauge material. The original is constructed from thinner 13 gauge. This part is designed to replace your bent or rusted original.

Description	Item number	price
Wheel tub body mount left side (drivers)	074951-516L	\$29.00
Wheel tub body mount right side	074951-516R	\$29.00
